

Supporting Local

We are proud to partner with these local businesses and encourage you to #ThinkLloydFirst”

A great group of folks, and a wonderful (pet friendly) atmosphere are just a couple of the reasons we love to work with these guys. Not to mention we love the taste of their beers, from Bachelor Blonde to Apple Cider, they've got something for everyone.

Located in our delightful neighbouring town, Vermilion, this rustic and upbeat distillery is situated downtown and is filled with a delicious array of gins. They source local, they serve local, and we think you will love all they have to offer.

Maria's Favourite ... but coffee. If you see her with a coffee mug, it's got Prairie Lily in it. Terry and his team ensure that you get the best sourced, roasted and tasting cup of coffee every time you take a sip, and this makes you a really happy person! (And us a really happy supporter of theirs!)

Keith and April are hands down one of the most fun and energetic dynamic duo in our city. They have mastered the art of baking and should be your go-to stop for sweets and treats. They do custom birthday cakes, and can even help you serve up some gluten friendly delights. There is literally nothing on the menu that we don't love!

Confucian wisdom says, "wherever you go, go with all your heart". When Spiro made that long journey to Canada in 1959, he brought very little with him in the way of possessions. Nevertheless, what he did bring with him was his whole heart. His loyalty to the restaurant industry and his passion for the community of Lloydminster have inevitably trickled down the family to his daughter, Maria, and his granddaughter, Elenee. These three generations continue to love and honour the people that they are blessed to serve and they will continue to do so with their whole hearts.
